Summary

Highly motivated Frontend Developer with over a year of experience in crafting engaging and user-focused web applications. Skilled in HTML, CSS, JavaScript, React, Bootstrap, and third-party APIs. Demonstrated success in enhancing business outcomes through impactful design and development, notably increasing user engagement and conversion rates in previous projects. Looking to join a dynamic team to build scalable, user-centric web applications.

Skills

- **Languages:** HTML5, CSS3, JavaScript (ES6+)
- **Frameworks/Libraries:** React, Bootstrap, Tailwind CSS, NextJs
- **Tools:** (Git, NPM, Webpack, Vite, Jest, React DevTools, Figma)
- **APIs:**
  - RESTful APIs: Worked extensively with RESTful APIs for data retrieval and manipulation, ensuring efficient communication between client and server.
  - Third-party APIs: Integrated various third-party APIs such as Google Maps for location services, Stripe for payment processing, and Twilio for messaging functionalities.
  - Authentication APIs: Implemented OAuth 2.0 and JWT for secure user authentication and authorization in applications.
- **Soft Skills:** Excellent communication, collaboration, problem-solving, time management, attention to detail

Professional Experience

Frontend Developer | **Arsoft** | Sep 2023 - Present

- Developed Kiril-Lotin-Tarjimon.uz, which serves over 5,000 monthly users.
- Developed the **OtabekEngineer.site** using Next.js, creating a modern and responsive platform to showcase projects and professional expertise effectively.
- Developed a Telegram bot that provides real-time weather updates, offering users quick and convenient access to accurate forecasts directly within the app.

Frontend Mentor | Ramza Academy | Oct 2023 - Expected Sep 2024

- Mentored young pupils (ages 10-14) in fundamentals of web development (HTML, CSS, JavaScript) through interactive, engaging lessons.
- Guided students in coding, sparking their passion for problem-solving..
- Collaborated with other mentors to develop a comprehensive curriculum and foster a positive learning environment.

Education

TUIT Fergana Branch | Software Engineering | 2022 - Present

- Pursuing a Bachelor's degree in Software Engineering.

Mohirdev

- Completed coursework in 'Fundamentals of programming in Python,' gaining proficiency in problem-solving and algorithmic thinking.

Chust IT School | Web Development | Apr 2022 - Sep 2022

- Completed a web development program, gaining foundational knowledge in HTML, CSS, and JavaScript.

Key Achievements

- Successfully introduced frontend development to young learners, inspiring them to build their first websites.
- Received positive feedback from students and parents for the mentorship program's effectiveness at Ramza Academy.
- Consistently delivered high-quality work, exceeding expectations in previous roles.
